

CorTech, LLC

Procedures for obtaining medical assistance in the event of an emergency.

- Determine the severity of the injury.
 - o Look for things such as is the worker conscious and alert.
 - o Are they able to move on their own.
- If it is determined to be a minor to moderate injury please go immediately to the closest 24h urgent care facility.
 - o They will be equipped to handle most injuries and can determine if more specialized care is needed.
 - o This will be the quickest option for non-serious injuries.
 - o Please tell them you had a work place injury and that this visit will be under a worker's comp claim. They will know how to handle the rest so you are not out any money for the visit.
 - o If needed please have them call Vin Rossy 770-841-7213 or Peter Kolodynski 404-483-4408 if they need any approvals.
- If the injury is serious and or life threatening please immediately call 911.
 - o In the event that there is no 911 service please call the nearest doctor or emergency room.
- Once the employee is stable, please contact CorTech to report the injury.
- In the extremely unlikely event of a on the job death please contact Vin Rossy or Peter Kolodynski immediately upon occurrence at the above numbers.
